Men and Women Show  
Strong Desire to  
Learn.

## CLASSES GRADED WITH GREAT CARE

Night Schools Adult Roll Is  
Largest in School  
History.

That this year's attendance of adult foreigners at the night schools is the best in the history of the District of Columbia, and the interest manifested is most extraordinary, was the statement made today by Superintendent Stuart, who is now receiving reports of the first month's work of the school year.

Three times a week, on Mondays, Wednesdays, and Fridays, at 7:30 o'clock in the evening, the Jefferson, Franklin, and Gales Schools are thronged with Italians, Greeks, Russian Jews, Syrians, Norwegians, Germans, and other "grown-up" foreigners who are anxious to learn, speak, and write the English language.

Some of these men and women have been in attendance at the night schools for several years, and they have now become proficient. Superintendent Stuart takes a great personal interest in the night schools, and has obtained the best teachers possible for the work. The students are carefully graded so that the work is progressive, and late or dull pupils are not holding back those who want to make rapid progress.

Besides the English language, these men and women of the old country are learning mathematics and history. Most of them are in business in Washington, and the things taught in the night schools are of immense value to them. According to Superintendent Stuart, these foreign adult pupils are the most earnest and faithful in the public schools of Washington. Their only cause of complaint is that the schools are not open every night in the week instead of three nights.

Many women are taking the course offered in the night cooking schools. This includes foreign women as well as Americans, while in the colored night schools many women are constant attendants. They are led into taking this work through the influence of their children, who are attending the day schools. They see the progress made by the children and become ambitious to better themselves. The night schools offer just such an opportunity as they are looking for.

The Daughters of the American Revolution offer an annual prize for the best essay on American citizenship by these attendants of the night schools, and each year the number of intelligent and well-written papers handed to the examination committee is surprising, according to Superintendent Stuart. The foreigners in the night schools catch the idea of American citizenship rapidly and enthusiastically, he thinks.

## WHIP UNRULY BOYS ADMONISHES COURT

Judge De Lacy Advocates Practice Suggested by "Spare-the-Rod" Maxim—Says Parents Make Mistake.

"Mothers make a grave mistake," declared Judge De Lacy, in Juvenile Court today, "in shielding their sons from the chastisement of the father."

"This habit of mothers who allow their sons to take shelter behind their petticoats when they have committed some offense and justly deserve a whipping, is making a mollycoddle of the boy. It unmans him, and makes the boy dominate the home instead of the home the boy."

Raymond Perkins, aged eleven, was arraigned before the court charged with habitual truancy from school. From the testimony of the probation officer it was divulged that the mother would not

allow Raymond's father to punish him for his truancy.

"Madam," said the court, "I want you to promise me that you will allow Raymond's father to punish him if he is disobedient again. It is in the home that the boy first is imbued with due respect for authority. Unless he comes from the parental roof, filled with the respect due his superiors, it is very doubtful if he will ever make a good citizen."

Raymond was placed on probation for the remainder of the school year, and will have to bring a card from his teacher to the court every Saturday morning.

## TWO PLEAD GUILTY.

YOUNGSTOWN, Ohio, Oct. 22.—The first of the trials of the sixteen prominent men recently indicted for graft came to a sudden end when W. H. Kane, county commissioner, under three indictments for accepting bribes, entered a plea of guilty. John C. Hanni, also a county commissioner under three indictments for accepting bribes, at the same time changed his plea to guilty.

## HAND TORN OFF.

MONTICELLO, N. Y., Oct. 22.—William Cantrell, a farmer, lost his right hand here today by the snapping of a half-inch cable attached to a stump puller. The broken coil caught his right wrist, tore off the hand, and flung it 120 feet away.

## W. C. T. U. TO MEET.

## BRYAN ANSWERS TEXAS CRITICISM

LINCOLN, Oct. 22.—In today's issue of the Commonwealth, Mr. Bryan makes a spirited reply to the criticism from Texas that he is using the position he occupies in the Democratic party for personal gain. Mr. Bryan declares that in the newspaper and lecture field he has found a legitimate occupation, and believes it to be most appropriate to him because he can there discuss public questions. His paper, he declares, is sold on a close margin, the chief object of its issue being the propagation of Democratic principles, and not pecuniary profit.

## ATTRACTIVE STOCK OFFERED AT SALE

An exhibition of men's suits and overcoats, that represents the noblest fall styles, is attracting attention today at the store of the Friedlander Brothers, Ninth and E streets northwest. The large stock is marked to sell today and tomorrow far below regular prices, so that the display has the additional interest of bargain.

In the stock are suits for old and young men, overcoats of all weights, including cravenette raincoats. Another feature of the exhibit is the boys' line. The two-trouser suit seems to have struck a popular chord. More than 1,000 coat sweaters are being disposed of at varying prices. Automobile coats prove another special attraction.

## CORONER RULED OFF AT SOLDIERS' HOME

DANVILLE, Ill., Oct. 22.—The dispute between the governor of the Soldiers' Home and the coroner, as to whether the latter could conduct an inquest on Government property, has been decided in an opinion by the attorney general of the State, who holds that the home is a military reservation, over which the State and county authorities have no control. The opinion has been forwarded to State's Attorney Lewman by Attorney General Stead.

## MARTIN NOT GUILTY, IS RULING OF COURT

Robert H. Martin, an attorney connected with the War Department, was acquitted of a charge of disorderly conduct by Judge Muldowney in the Police Court this morning. Seeing a boy knocked from a bicycle by being struck by a street car at Ninth and F streets northwest, Martin accused the motorman and crossing policeman of not being on the job when the accident occurred.

"If you had been attending to your business that accident wouldn't have occurred," Martin told the bluecoat. The court held that there was no disorderly conduct.
